Professor H. K. Fairclough, American Red Cross,
Podgoritza,
Montenegro.

Dear Professor Fairclough:

Many thanks for your letter. It is very interesting to know that you have been doing such work in Montenegro. I heard last week at Hoel's Hole from some one who had a letter from you. Provided the weather is not too hot you will I am sure find great interest in your travels among the Balkans, though I should think that the strain would be rather heavy.

Hoping that the signing of peace will bring relief to you and to many others.

With kind regards, I am,

Yours sincerely,

President.
